When a serious photographer attains his objective—owning an Exakta VX—he has the most versatile camera in the world. With it he can photograph a subject as far as the moon or as near as a microbe. Each lens and accessory that he adds extends the camera's versatility without requiring auxiliary equipment. So, owning an Exakta VX is more than just picture taking. It's an exciting venture called Exakta Photography. It's exploring a revolutionary system of photography, the single-lens reflex system, that gives you perfect assurance you will get the exact picture you see in the viewfinder. It means photo satisfaction, pictures you will show with pride. We invite you to visit your dealer today and ask him to show you the Exakta VX and any of the equipment shown above or to write to us for more information.

The Exakta VX is available with Penta Prism & Split-image Rangefinder and:
